

Advancing into
The future

🌐 deftinnovations.in

Who We Are ?

Your growth is our success story

Deft Innovations, your gateway to digital success and the forefront of innovation in the realm of digital marketing. As the leading digital marketing agency in Kerala, we are not just a team; we are architects of your brand's online journey, crafting experiences that resonate, engage, and captivate. At Deft Innovations, we don't just provide digital marketing services; we craft immersive digital experiences that elevate your brand to new heights. As the leading digital marketing company in Kerala, we are dedicated to driving innovation, delivering results, and exceeding expectations. Deft Innovations isn't just about boosting your presence; we're about shaping your brand's identity. Our strategies have propelled businesses of both budding and established, to new heights of recognition and success.

Our Vision

We are empowering a connected world through innovative technology solutions and dynamic digital strategies. Our vision is to transform brands into timeless legends by executing outcome-driven digital marketing strategies that elevate client awareness, amplify sales, and nurture expansion.

Our Mission

Our mission is to provide cutting-edge IT and digital marketing solutions that empower businesses to thrive in the modern digital age. We are dedicated to delivering strategic expertise and transformative technologies that drive growth, enhance efficiency, and build meaningful connections with audiences.

Our Digital Dominance Suite

DIGITAL MARKETING

**Logos Crafted by
Our Team**

A dark, moody photograph of various spices and herbs arranged on a wooden surface. In the background, there's a glass jar filled with small seeds or grains. In the foreground, there are cinnamon sticks, star anise, and other dried ingredients. The lighting is low, creating a warm and intimate atmosphere.

Our Accomplishments

UDYOG 2022

The Malappuram District Panchayat experienced a significant unemployment issue and made the decision to organize a Mega Job Fair. However, they encountered difficulties in persuading companies and job seekers in Malappuram to join within a limited timeframe. The Malappuram District Panchayat has urged the need for over 200 companies, a pool of more than 10,000 candidates, and the development of a web portal.

We, Deft Innovations, spring into action.

We efficiently and professionally created the web portal with technical assistance, and social media marketing for the Mega Job Fair organized by Malappuram District Panchayat. In just a span of one month, we successfully utilized social media advertising to enroll more than 15,000 job seekers and connect them with over 270 corporate companies. As a result, we were able to generate a remarkable number of 11,599 job opportunities.

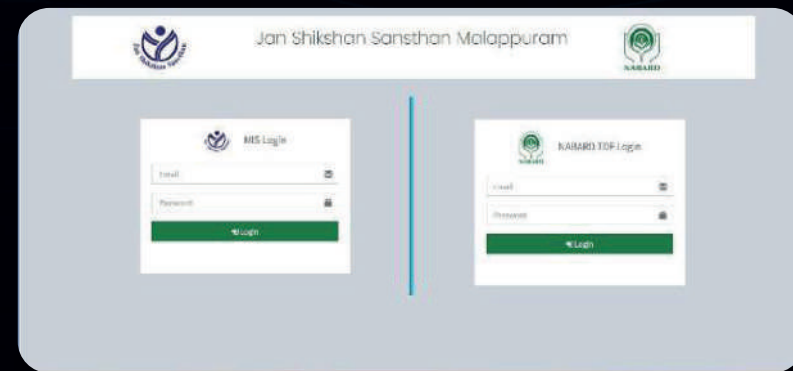

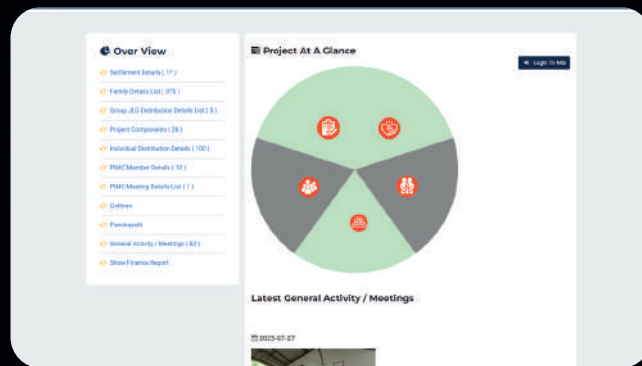

<https://districtpachayathmalappuram.org>

With Udyog Team

JSS Malappuram under NABARD

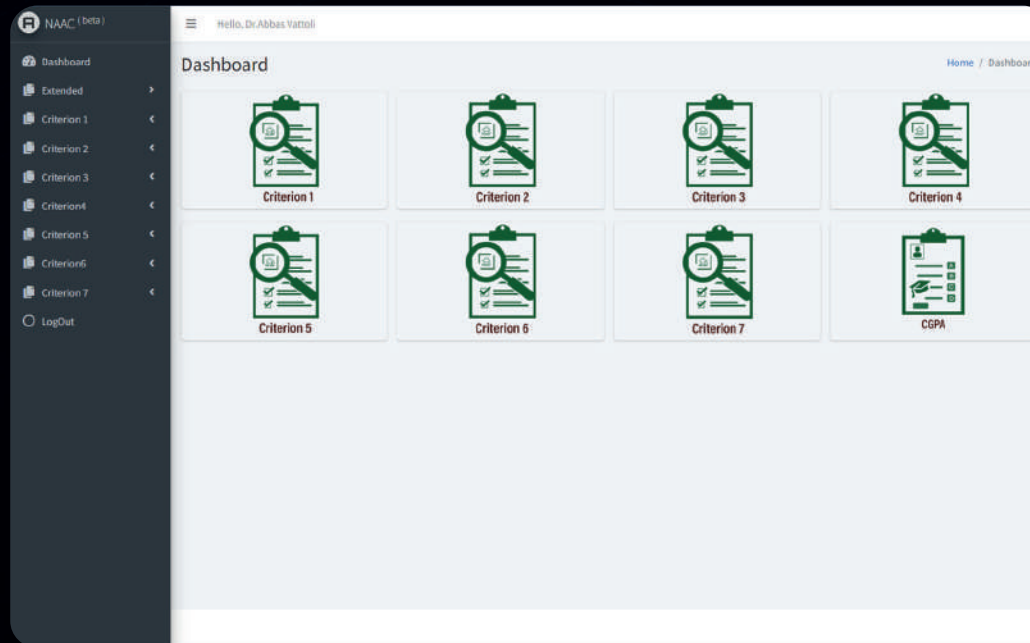

We have developed a social monitoring web portal for Jan Shikshan Sansthan Malappuram <https://mis.jssmalappuram.org> of TDF by CGM Kerala which is a project of NABARD (National Bank for Agriculture and Rural Development) with an objective of provision of sustainable livelihood for the tribal communities. This is perhaps the first attempt in the country that a web portal was developed by an agency to enable IT based Social Monitoring of TDF projects and making the portal accessible to the public

Receiving the Award from JSS Malappuram

NAAC

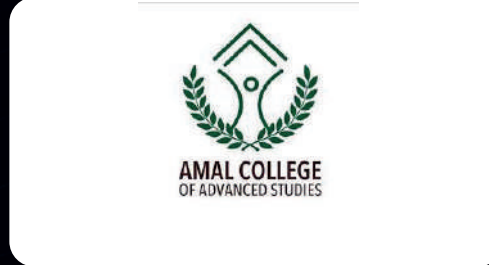

Designed and developed a web application for Amal College of Advanced Studies with the purpose of tracking academic activities to improve the accreditation grade given by the National Assessment and Accreditation Council (NAAC).
